

IDENTITY THEFT

Written by

Liz Zhang

THIEF
Give me your identity!

BILL
What?

THIEF
Your identity! Hand it over!

BILL
Ok here here, just don't hurt me!

Person hands over a business card that says "Bill Smith"

INT. OFFICE - DAY

THIEF walks towards an office that's label "Bill Smith". The secretary at the desk outside of the office stops him.

SECRETARY
Excuse me, can I help you?

THIEF gestures towards the door.

THIEF
I'm just going into my office.

SECRETARY
This is the office of Bill Smith,
senior vice president of marketing.
Do you have an appointment?

THIEF
Oh yes, I'm Bill Smith.

SECRETARY
I've worked for Mr. Smith for 3
years now. I think I know what Mr.
Smith looks and sounds like.

THIEF
I think this should be proof enough
of my identity.

Thief hands over his "Bill Smith" business card. Secretary takes the card and stares at it for a bit, brow furrowed. They then look from the card up to "Bill" and back at the card.

SECRETARY
So sorry for the misunderstanding
Mr. Smith.

Secretary hands the card back to Thief.

SECRETARY (CONT'D)
Here's your schedule for the day.
Your lunch meeting will be at the
Four Seasons, the car will be here
at 11:30 for that.

THIEF
Thank you.

Thief walks into his office.

INT. HOSPITAL - DAY

THIEF
Excuse me, my wife told me she was
in labor and I'm here to see her.

RECEPTIONIST
What's her name.

THIEF
I don't know. But she told me she
was in room 305.

RECEPTIONIST
Right down the hall, to the right.

Thief walks down the hallway and enters the hospital room. In
the room, there is WIFE in the middle of labor.

WIFE
Oh Bill, thank God you're...

She turns her head and sees "Bill".

WIFE (CONT'D)
Who the hell are you?

THIEF
I'm your husband, Bill.

WIFE
What are you talking about? I've
known Bill for over 15 years, we
started dating in high school,
you're clearly not...

Thief hands her Bill's card. The wife looks at the card,
turning it around. She hands it to the doctor who holds it up
to the light before handing it back to her, shrugging. The
wife hands the card back to "Bill".

WIFE (CONT'D)
Oh Bill, thank God you're here!

INT. HOSPITAL - LATER

Thief and wife are packing up and getting ready to go home.

Bill walks into the room.

WIFE
Who are...

Bill hands Wife his card. Wife reads it

WIFE (CONT'D)
(in baby talk)
Look at my little baby. Who's ready
to go home with mommy and daddy?
Who's ready?

BLACKOUT.
